

AMP M4

AMP with a collapsible stock system

LOCATE DISTRIBUTOR

Product Description

AMP is our latest generation of handgun conversion systems. This new modular design features three replaceable adapters, allowing users to easily switch and combine different adapters to adjust the AMP for various handgun models. The open-top design accommodates slide-mounted optics, such as MOS systems. The M4 version includes a six-position collapsible stock, featuring our combat-proven GL-Core S buttstock. With these innovative features, the AMP is designed to suit virtually any combination of users and platforms.
