Product Description

- AMP is our latest generation of handgun conversion systems.
- The new modular design uses three replaceable adapters. Changing and mixing between the different adapters enables the user to adjust the AMP to different handgun models. Additionally, the removable top cover and rail allow for the use of slide-mounted optics. With these new innovations, the AMP will suit virtually any combination of users and platforms.

Product Advantages

- Upper aluminum rail - In the PRO version
- Easy adjustment for different handguns, the small adapters will be sold separately, so one AMP unit can be customized to fit a wide variety of pistol models

- M-LOK® handguard - for a wide variety of accessories
- Aggressive look and pricing
- Available in 3 different colors: Black, OD Green, FDE
- The AMP Pro includes upper cover that has a 220 mm aluminum Picatinny rail segment, and comes fully equipped with the following accessories:
 - -Removable upper cover, & Picatinny rail
 - -MG-9 forward grip
 - -Bungee sling & SLS
 - -RBS & FBS Backup Sights - KPOS Backpack
