Product Description

- This AR-15 Upgrade Kit takes your rifle to the next level, meeting the tough standards of military special units. Whether you're into sport shooting, hunting, or tactical missions, this kit delivers the precision, control, and reliability you need to perform at your best.

Product Advantages

- Boost your AR-15 with these key elements :
- 1. GL-CORE M-M4 Buttstock with Built-In Mag Carrier: This innovative buttstock includes a built-in mag carrier for quick reloads without adding bulk.
- 2. GRADUS Rubberized Pistol Grip: This grip offers superior control, reduces wrist strain, and keeps you comfortable during long shooting sessions.
- 3. PTK VTS M Combo – Ergonomic Pointing Grip: Enhance accuracy and stability with this precision pointing grip.
- 4. ULTIMAG-G2 5.56 Polymer Magazine: This lightweight, high-strength polymer magazine is designed for reliability and easy handling.
- 5. FRBS Backup Sights: These low-profile backup sights deploy quickly and keep you on target when you need them most.

Compatibility

- M16/M4/AR15 platforms with M-LOK® compatible handguard
- 5.56x45 NATO (.223 Remington)
- 1913 Picatinny upper rail & Mil-Spec or Commercial buffer tube
