[LOCATE DISTRIBUTOR](#)

Product Description

- GCCP equips your GL-CORE with a tri-position cheek rest, designed to support the use of different optics and holographic sights on the AK, VZ and other various platforms.

Product Advantages

- Strong and robust design GCCP can be adjusted to 3 different height levels by rear pivot Specifically designed for the GL-CORE Simple assembly, no gunsmith required Made of durable and light-weight fiberglass reinforced polymer composite

Compatibility

- AK, VZ and shotgun platforms. On the AR platform, the CP may obstruct the use of the charging handle when the buttstock is fully collapsed The height measurement refers to the height of the Check Rest above the GL-CORE integrated cheek weld
