Product Description

- The Hit-Counter transforms any static RTS target board system (Torso, Mini-Torso, Bowling Pin or 200mm) into a self-counting target system.
- With the Hit-Counter there is no need to mark hits any more:
 - Zero the Hit Counter
 - Shoot
 - When done, inspect the total hits the counter recorded
 - Repeat....

Product Advantages

- Reacts upon impact to indicate on target hit
- Electronic hit-counter, no need to count hits
- Saves valuable training time
- Self-healing polymer recovers thousands of hits with no ricochets
- Lightweight, easy to setup, transport and store
- Perfect for handgun and assault rifle training

- Hit counter is also available separately for any static RTS target
- Operational temperature range: -10-50 degrees Celsius
- Single target system
- Operational range: unlimited

Compatibility

- Included in the kit:
- 1 Complete static target with two target torsos and a hit counter
