

## HM RLM

[LOCATE DISTRIBUTOR](#)

### **Product Description**

The Fab Defense® HM RLM is a Helmet Mounted - Rotating Light Mount. The HM RLM attaches to tactical helmet rail systems and is compatible with the Accessory Rail Connectors (ARC). The HM RLM enables the user to securely attach any standard 1" flashlight to the

helmet, and the rotating mechanism allows to adjust the direction the light on the go.

## **Product Advantages**

- Easy Adjustments: rotate the flashlight upwards or downwards
- Secure Fit: Fits military helmet side rails.
- Better Visibility: Improves safety.
- Durable & lightweight construction.

## **Compatibility**

- Tactical Helmet: any helmet with the Accessory Rail Connectors (ARC).
- Flashlight: 1" diameter flashlights.
