Product Description

- F.A.B-Defense is proud to introduce the next product in its line of pistol conversion kits, the KPOS Scout!
- The KPOS Scout incorporates a hybrid construction, combining a rigid aluminum upper with a lightweight polymer lower, for a compact yet extremely durable and accurate handgun conversion kit.

- The KPOS Scout upper is machined from 6061 T6 aluminum, with a full length, integrated, 1913 MIL-STD picatinny rail, for ultimate rigidity and stability with any mounted optics and sights.
- The aluminum upper also allows the Scout to be safely used with ported Glock models (G17C, G19C)
- The KPOS Scout Lower is made of reinforced polymer composite for improved usability and weight reduction and incorporates a new “one button” assembly design.
- Available in two configurations, KPOS Scout and KPOS Scout Advanced.
- KPOS Scout:
 - FGG-KPOS Folding foregrip & trigger cover
 - SLS QD sling swivel
 - Bungee, one point tactical sling
- KPOS Scout Advanced:
 - FGG-KPOS Folding foregrip & trigger cover
 - SLS QD sling swivel
 - Bungee, o

Product Advantages

- New hybrid design, aluminum & polymer
- Extremely light weight, easily concealable and compact
- Quick and easy installation requires no tools or handgun modification
- Can be used with Glock 17 or 19 with no modifications to the handgun or to the KPOS Scout
- Snap locking mechanism- single button for quick, easy and secure assembly

- Ambidextrous M4 style charging handle
- Full length 1913 MIL-STD picatinny rail upper, short polymer lower rail and two removable side rails with integrated thumb rests
- Vertical foregrip folds to horizontal position and incorporates an extendable trigger guard
- Folding buttstock with high traction rubber buttpad
- Hard anodized solid 6061 T6 Aluminum upper
- Reinforced polymer lower and buttstock / brace
- Competitive pricing available in two versions, KPOS Scout and KPOS Scout Advanced
- Limited Lifetime warranty
