

KPOS Scout M4

Pistol Conversion Kit for Glock 17/19

LOCATE DISTRIBUTOR

Product Description

This new version of the KPOS Scout incorporates a collapsible stock allowing the user to adjust the length of the stock to fit different body types and tactical requirements. The KPOS Scout conversion kit, has a unique hybrid construction, combining a rigid aluminum upper with a lightweight polymer lower, for a compact yet extremely durable and accurate handgun conversion kit. The KPOS Scout upper is machined from 6061 T6 aluminum, with a full length, integrated 1913 MIL-STD Picatinny rail, for ultimate stability with any mounted optics and sights. The aluminum upper also allows the Scout to be safely used with ported Glock models (G17C, G19C). The KPOS Scout lower is made of reinforced polymer composite for improved versatility and weight reduction and incorporates the innovative "one button" assembly design. This new version of the

KPOS Scout incorporates a collapsible stock allowing the user to adjust the length of the stock to fit different body types and tactical requirements. Available in four configurations.
