

## Mantis Kit CF

LOCATE DISTRIBUTOR

### Product Description

Lightweight and simple for use, the Mantis offers a stable and rigid shooting platform that can adapt to any modern combat environment, for long deployments in the field or a fast CQB engagement. Developed as an evolution of our TSB the Mantis was

designed to meet the challenges of the modern infantry and Special Forces sniper teams, the rugged & and lightweight construction will fit infantry and LRRP missions, where weight is a crucial factor. The Mantis is already in use by military sniper teams globally. The TSB and Mantis are developed in conjunction with Zikitec LTD.
