Product Description

- The TSB (Tactical Sniper Bench) is a tripod mounted portable shooting bench, that enables target engagement in either sitting or standing positions, with the SAME accuracy as prone position!
- Developed by the leading CT Snipers in Israel, the TSB was invented during long active duty engagements, to meet the challenges of the modern tactical sniper teams.
- The TSB allows for a comfortable long stay and arrangement of equipment, with elbow support and use of standard rear-bag and bipods to ensures maximum stability in a standing or sitting positions.
- This fast deployment and silent toolkit, utilizes exiting positions, without the need to move/alter or make any noise at the chosen location.
- The TSB and Mantis are developed in conjunction with Zikitec LTD.
- Weight includes aluminum tripod, net weight 2.6 Kg.

Product Advantages

- Enables a “Prone-Like” stability, while standing or sitting
